Abstract of JP2001342375

PROBLEM TO BE SOLVED: To provide a highly light resistant dye composition excellent in dying polyester fibers, has high light resistance and an excellent sublimation fastness, and especially useful for a car interior sheet; and a dying method using the composition. **SOLUTION:** The highly light resistant dye composition comprises a dye represented by formula (I) at a content of 95-20% by weight and a dye represented by formula (II) at a content of 5-80% by weight, wherein R is a 1-4C alkyl group, a 1-4C alkoxy group or a phenyl group.
